EDUCATION

B.TECH Artificial Intelligence and Data Science

Coimbatore Institute of Technology

CGPA: 8.44

2022 – present

Coimbatore, Tamil Nadu,
India

HSC - Higher Secondary Education

National Model Higher Secondary School

Grade: 83%.

2019 – 2020

Coimbatore, Tamil Nadu,
India

SKILLS

- Python Programming
- Data Science
- Flask
- C Programming
- Machine Learning / Deep Learning
- Web Development (HTML, CSS, JS)
- Database Management Systems
- Flutter

PROFESSIONAL EXPERIENCE

Student Developer

iClinique

- Converting medical reports to machine readable format
- Integrated modules like Chatbot, OCR, File Storage and manipulation

May 2025

Coimbatore, India

Student Developer

Samsung PRISM

- Extraction of metadata
- Probing the data for malware

May 2025

Coimbatore, India

Student Researcher

Telkom University

- Implementation of IoT in smart hydroponics for data streaming
- Building a python-based web scraper for data collection

Jan 2025

Bandung, Indonesia

Student Intern

MagnusVista Labs

- A multi-layered ReactJS Quiz App with JSON integration
- Developing a bank of user friendly questions

Jul 2023

Coimbatore, India

PUBLICATIONS

Integrating Internet of Things for Smart Hydroponics to Increase Productivity

Instrumentation Measure Metrologie

Co-authored the design of an IoT-enabled smart hydroponics system with real-time monitoring, achieving up to 50% improvement in productivity.

Apr 2025

PROJECTS

Digitizing Medical Reports for Enhanced User Interaction

An LLM based python module developed to assist user to better understand their medical records and to store them effectively.

Aug 2024 – present

Idea Manager Software to digitally manage ideas for personal use.	Oct 2024 – present
IoT in Smart Hydroponics Implementation of IoT in Hydroponics to effectively monitor and control environmental conditions for optimal plant growth.	Jan 2025
AI-based On-Device Malware Detection An On-Device malware detection engine designed for metadata extraction and malware identification.	May 2024 – Mar 2025
Smart Lab Copilot An IoT based solution to combat electricity wastage in lab environments.	Apr 2023 – Jun 2023

CERTIFICATES

- Internship Certificate by Telkom University [↗](#)
- Generative AI with Diffusion Models by AWS [↗](#)
- Data Analysis with python by IBM [↗](#)
- Python for Data Science by IBM [↗](#)
- Internship Certificate from MagnusVista Labs
- Data Science Methodology by IBM [↗](#)
- Data Visualization With Python by IBM [↗](#)
- SQL and Relational Databases by IBM [↗](#)
